 - 1,5 m standard cab or ROPS

LET A SPECIALIST HANDLE YOUR MOST VALUABLE CROPS.

The Valtra F Series is the ultimate specialist for vineyards, fruit farms and other cultivation that requires great care and a nimble machine. It's packed with powerful hydraulics that enable you to use the correct implements, and it comes with all the renowned Valtra comfort features. Pick yours from three styles of body and get to work – the specialist way.

A SERIES

A74 – A134
75–130 hp
56–97 kW

- Transmission:
- HiTech
 - HiTech4 (A104–A114)
- Power lift capacity:
- 3,0–5,2 t

MANY TASKS. ONE HERO.

Your working hero got even stronger. The Valtra A Series is powershifting to the next level with the new HiTech 4 models. The award winning Valtra A Series is a versatile and comfortable tractor made for your everyday work. And now, it's even more versatile and easier to use thanks to the new powershift transmission. When you need agility, it's a small tractor that gives you big performance.

N SERIES

115–201 hp
85–136 kW

- Transmission:
- Direct CVT, HiTech, Active and Versu – Powershift revolution
- Power lift capacity:
- 7,7 t

SMART IN SIZE. PERFECT IN PERFORMANCE.

The mighty yet compact Valtra N Series is now even more comfortable thanks to the new air-suspension on the front axle. The powerful 4-cylinder engine, the all-round visibility, precise handling and great agility make the N Series big where it matters.

T SERIES

T144 – T254
155–271 hp
114–184 kW

- Transmission:
- Direct CVT, HiTech, Active and Versu – Powershift revolution
- Power lift capacity:
- 8,1–9,5 t

BUILT FOR POWER. DESIGNED FOR CONTROL.

The Valtra T Series is the ultimate precision tool with lots of muscle when you need it. It's built to last and gives you up to 271 hp, your choice of transmission and excellent drivability. The cabin is both comfortable and ergonomic. Smart farming is woven into every detail of our tractors, meaning guidance has never been so simple. With Valtra reliability and a low cost of ownership, we guarantee that our T Series is the best value for your hard-earned money.

YOUR WORKING MACHINE

Your land is your life.
Your farm is your foundation.
Your crop is your career.
Your tractor is the tool of your trade.

That's why it's a Valtra.
Like a craftsman's trusty tools, your Valtra gives you the confidence and the guts to get the job done. Every day. Every time. In every working environment.

At Valtra, we have always chosen the path less walked – because where we come from, that's how the paths are. We don't hesitate to walk the extra mile for you. We do things like this because it's the best way to do them. And because we believe in getting things done.

You don't compromise. Neither do we.

Get the job done.
Get a Valtra.
Your working machine.

S SERIES

S274 – S394
270–405 hp
201–294 kW

- Transmission:
- AGCO Variable Transmission AVT
- Power lift capacity:
- 12 t

SMARTTOUCH – EASIER THAN YOUR SMARTPHONE.

Available in N & T Series (Versu and Direct) and S Series.

9" touchscreen

Full precision farming features and safety camera are integrated to the SmartTouch screen. Even though there is no need for additional terminals, it is possible to have an extra SmartTouch screen e.g. for more advanced ISOBUS use.

Hydraulics joystick

Ergonomically positioned hydraulic joystick includes 3rd control for hydraulics on top.

Multifunctional lever

Also with two linear levers to control hydraulics.

Clearly arranged buttons

Concave and convex shape helps find frequently used buttons easily and quickly.

Comfortable armrest

Functional structure of the armrest provides good grip on rough terrain. All functions are easy to access due to logical layout. The armrest allow good support for hand reducing tensions and stress. Location of PTO switches minimizes unintentional usage.

reddot award 2017 winner

Designed in Finland

Easy to navigate menu structure.

Logical to set up settings with swipe gestures. All settings are automatically stored in memory.

Intuitive way to set up settings with large controls and easy to understand functions.

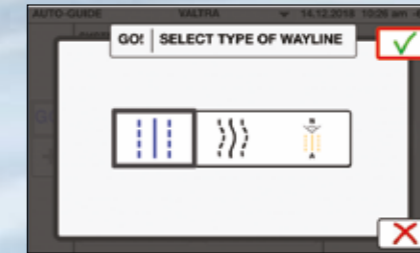

Easy configuration of worklights from the terminal. Worklights on/off switch in the armrest with beacon on/off switch.

Profiles for operators and implements which can be easily changed from any screen menu. All the setting changes will be saved in the selected profile.

Control Valtra Guide using SmartTouch.

Record, recall and follow waylines.

Use Section Control for maximal efficiency and minimal overlap.

Valtra offers a set of smart farming technologies that work seamlessly together – Valtra Guide, ISOBUS, Section Control, Variable Rate Control and TaskDoc – which you operate from the SmartTouch terminal. By automatically guiding your tractor and implements, these improve your accuracy and precision, reduce working time, and make sure you get the better yields and better return on your investment.
